- running shoot-offs.

The WACTA Executive also welcomes any feedback

Help the WACTA Executive to improve State Carnivals by telling us what you think should be kept, added or omitted.

The WACTA Executive Council is a small body of [mainly] volunteers whose only focus is to support its members and provide events that meet members' requirements in every respect.

WACTA comprises over a thousand members, hopefully, with fresh ideas about the running of State Carnivals.

Have your say – WACTA will listen.

If you have any feedback, please contact:
